

## **CELEBRATION OF TECHNOLOGY WEEK BY KRISHI VIGYAN KENDRA, TINSUKIA.**

Technology week was celebrated from 22<sup>nd</sup> December 2016 with a Farmers Scientist Interaction at Kherjan Forest village at Kakopother. Farmers of the area actively participated in the Farmers Scientist Interaction with special reference to paddy and vegetable cultivation, tea cultivation, organic compost and vermiculture. The farmers also requested for trainings in future times.

On the 23<sup>rd</sup> Dec 2016, another Farmers Scientist Interaction was held at Makumkilla village of Margherita . Farmers of this particular area practiced mostly organic farming, hence, during the course of the interaction they showed keen interest in organic farming, organic manures, pesticides etc. Scientist of various departments addressed their issues and gave many remedial measures organically.

On the third day a Training on Poultry and Duckery cum Farmers Scientist Intercation was held at Borlaipuli village of Panitola.

On the fourth day is 26<sup>th</sup> December 2016, Farmer's Day cum Exhibition was organised at Borlaipuli gaon panchayat playground at Panitola . Citrus Research Station, Kirloskar, Machinery stores, Vetsfarma Ltd and various self help actively participated in the exhibition. Executive Magistrate of Tinsukia Ms. Darshana Chetia inaugurated the exhibition. Dr. J Goswami, Senior Extension Specialist, Assam Agriculture University discussed in length about various field related problems and encouraged the farming community to adopt recent advancement and technologies for their economic development. DAO of Tinsukia Mr. B. N. Sonar, Mr. P. P. Bhattacharjee, Manager of Assam Gramin Vikash Bank attended the programme and gave their valuable suggestions.

From 27<sup>th</sup> December to 30 December 2106. Training cum Method Demonstration on Value Addition of Locally available fruits and vegetables was conducted at Dimoruhula village, Makum. This was followed by a Farmers Scientist Interaction wherein, a number of farm women actively participated. The participants thanks KVK for the prograame and requested more such programmes in future.

Technology Week was completed successfully with a great level of satisfaction. Programmes were conducted covering many villages across the length and breadth of the Tinsukia district.
